

First Aid Assessment Worksheet for Harvesting Activities

For Block with surface travel time to hospital over 20 minutes

At the start of each block the company will complete a first aid assessment as follows:

Block #: _____ **Location:** _____

2(a) Hazard rating on Assigned Hazard Rating List	Logging = HIGH
(b) Job functions, work processes and tools if not using high rating:	
(c) Types of injuries that potentially occur if not using high rating:	
(d) Rating adjustment: if adjusted provide documentation ; otherwise HIGH	
4(b) Total number of workers per shift ; Add all people on site all shift plus ¼ of drivers and other transient people	_____ Worker(s)
5(f) Barriers to first aid if base time is <20 minutes to medical aid:	Circle: None; uncontrolled railway crossing ; road closings; or Other _____ (describe)

Table 5: This table applies to a workplace that an employer determines under section 3.16 (2) (b) of the Regulation creates a high risk of injury and that is more than 20 minutes surface travel time away from a hospital.

Reference: WorkSafeBC Regulation – Part 3 Rights and Responsibilities
